DELUXE TONES

EQ: TubeMeister Deluxe's intuitive passive EQs give you incredible tonal shaping options

Boost: takes the lead channel up a notch in every respect. Perfect for solos and modern metal sounds

Lead Channel: an authentic brown sound – fat, rich and perfect for any kind of rock!

Clean Channel: everything from classic twangy and sparkly tones to throaty harmonic distortion

DELUXE FEATURES

Red Box: delivers natural, consistent power amp tube tones straight to your PA or mixing desk

TSC: your built-in amp doctor, Tube Safety Control keeps your Meister fighting fit by constantly monitoring and biasing your tubes

Power Soak: brings the huge Meister stage sound down to the level you need for home or practice room playing, or even silent recording
